ABBAZIA SAN GIORGIO BAT

Battista Belivisi was born and raised on Pantellaria, an island of the coast of Sicily, where he's been making wine since he could walk. Founded in 2015, Abbazia San Giorgio is a relatively young project, but Belivisi is better known for his work as the winemaker at Bini, the island's reknowned winery, where he was the winemaker for 11 years.
