DOMAINE BEAUTHOREY

PLEINE LUNE

Writer and winemaker Christophe Beau started his winery in 1985 with organic practices and quickly pivoted to biodynamics. Beau has been dedicated to reintroducing the flora and fauna into his vineyards, allowing the cultivated areas to be integrated with the herds of roaming sheep. He recently started an experimental project that combines different modes of vine cultivation from the Etruscan and Greek tradition.

VINTAGE: 2018

REGION: Languedoc, France

SUBREGION: Pic Sainte Loup

GRAPES: Syrah

YEASTS: Indigenous
