BODEGAS KRONTIRAS AFRON

Right in the middle of the hills of Luján de Cuyo, in the province of Mendoza, out of sight from the world, there is a winery where Constantino and Silvina Krontiras nested their love for wine. The sacred geometry of the location gently embraces the fruit of its biodynamic vineyards from which their wines are born, as a pure expression of terroir.

VINTAGE: 2022

REGION: Maipu, Mendoza,
Argentina

GRAPES: Aglianico
